

Beaufort Jasper EOC Head Start

Corporal Punishment, Child Abuse and Isolation Policy

Child's Name: asd asd

Center: Beaufort ELC

Corporal punishment is never used at a Head Start Center (inside or outside) or on a Head Start bus by parent, staff or anyone who comes in contact with the children.

The policy states that a parent or staff will not:

- 1) Use physical force, such as spanking, slapping, pulling of hair, shoving, pinching, or boxing, as a discipline measure on Head Start property or at a Head Start function.
- 2) Isolate a child from normal classroom activities as punishment.
- 3) Confine the child to the classroom when the other children go to play or restricting the child from any meal with his/her classmates.

I have read the policy forbidding the use of corporal punishment and isolation in the Beaufort-Jasper EOC Head Start Program. I understand that if I am found guilty of administering corporal punishment to any child on Head Start property or at a Head Start function a child abuse report will be made with the Child Protective Service.
